

**ONCE IN A GENERATION,  
A CASE COMES ALONG  
THAT CAN CHANGE HISTORY.**

**Integrity First for America is taking on the leadership of the violent white nationalist movement in court — sending a clear message that violent hate has no place in our country.**

We live in fraught times. Anti-Semitism, racism, and other forms of hate are on the rise. From Charlottesville to Pittsburgh to Poway to El Paso, the crisis of violent white nationalism has gone unchecked.

The ADL found a 99% increase in anti-Semitic incidents from 2015 to 2018; anti-Semitic assaults more than doubled in 2018.

Right-wing extremists killed more people in 2018 than any year since 1995—the year of the Oklahoma City bombing.

## **ABOUT SINES V. KESSLER**

In August 2017, neo-Nazis, white supremacists, and other far-right extremists descended on Charlottesville, Virginia, for what they called “Unite the Right.” This rally was not a peaceful protest but, rather, a meticulously planned conspiracy to bring violence to Charlottesville—the result of months of online organizing, fueled by bigotry and hatred. They chanted “Jews will not replace us” and “Blood and Soil.” They carried swastikas and other Nazi symbols. And they murdered Heather Heyer and injured countless others.

As the attack unfolded, litigators Roberta Kaplan and Karen Dunn — in partnership with IFA — sprang into action, using the best tool at our disposal to fight back: our justice system.

This landmark federal suit against the two dozen neo-Nazis, white supremacists, and hate groups responsible for the Charlottesville attack seeks to hold them accountable for their conspiracy to commit racially-motivated violence.

# HOW WILL THIS CASE MAKE A DIFFERENCE?

The court has rejected the defendants' efforts to block this suit and trial is scheduled for October 2020.

This suit is the only current effort to use our justice system to take on the vast leadership of the violent white nationalist movement. It has the potential to uncover who's funding this infrastructure—and bankrupt it. And it sends a clear message: violent hate has no place here.

**Once in a generation, there is a trial that fundamentally changes our nation. This will be that trial — laying down a clear marker against organized hate and violence here in America.**
